

## Important Information

### End-User License

Thank you for purchasing the Flytec FAI/CIA (Fédération Aéronautique Internationale / FAI Ballooning Commission) Competition Balloon Logger (the "Product"). This product is built in cooperation with Flytec and FAI/CIA New Technology Subcommittee (NTSC). You will find more information and support for the product on <http://www.balloonloggers.org>.

The hardware is provided by Flytec. The owner of the software is the FAI in Lausanne acting through CIA New Technology Subcommittee (NTSC).

Hardware support is provided by Flytec AG or its distributor from which you have purchased the Product. Software support is provided by FAI/CIA (see website above).

Please note that the purchase of the Product includes a license to use the software subject to the license terms set forth below (the "Terms"). Use of the Products implies acceptance of the Terms. If you do not, please return the Product within 10 days of delivery and you will be refunded.

The Terms are as follows:

- **Access to software upgrade:** FAI/CIA retains the right to upgrade the software from time to time. Registered Product owners are entitled to free software upgrade for as long as the hardware remains compatible. The upgrade can be done by the end-user of the Product by downloading the latest firmware from the [www.balloonloggers.org](http://www.balloonloggers.org) homepage.
- **Hardware warranty:** The Product has 2 years of hardware warranty by Flytec AG.
- **Restriction on use (rental):** Renting or otherwise putting FAI/CIA Competition Balloon Loggers at disposal of third parties with or without compensation is permitted in the following cases (i) renting of single devices to individual pilots for their own individual use in any type of events and (ii) renting of a pool of devices to local event organizers, i.e. organizers of events taking place in the country of the registered buyer. Renting of a pool of devices (more than 4 devices) or otherwise providing devices to be used as a pool in any event taking place outside of the country of the owner of the Product(s) is not permitted. Exceptions from this restriction may only be granted subject to prior written approval by FAI/CIA.
- The Product and its software are delivered as is. To the extent permitted by law, FAI and Flytec disclaim all warranties in respect of the software. In no event will FAI and Flytec be liable for any direct or indirect, consequential, including loss of revenues or profits, damages arising out or linked with use of the Product and/or software.
- Any disassembly, modification, reproduction or other violation of i.a. copyright law is prohibited.
- Violation of the Terms may result in claims for damages and/or exclusion of the device from firmware upgrade and IGC file validation (i.e. denial of acceptance of the Product as a valid Competition Balloon Logger in FAI/CIA events).

**Please Register:** In order to maintain a list of all loggers for event management and to inform you on upgrades, please register your license at <http://www.balloonloggers.org/register>.
